## METHODS AND COMPOSITIONS FOR THE TREATMENT OF NEUROLEPTIC AND RELATED DISORDERS USING ZIPRASIDONE METABOLITES

## **ABSTRACT**

_	The invention relates to novel methods using, and pharmaceutical
)	compositions comprising, ziprasidone metabolites. The methods and compositions of the
	invention are suitable for the treatment of neuroleptic and related disorders. The invention
	further encompasses methods of preparing ziprasidone sulfoxide and ziprasidone sulfone.
